Skills

- Digital Skills
- Algorithms & Data Structures
 - Microsoft Office Suite
- Programming Languages
- Python | Java | C++ | MATLAB
- Web Development
- HTML | CSS | PHP | Bootstrap |
- Java (Spring Boot) | XML
- Database Management
- MySQL | SQL Server |
- PostgreSQL
- Version Control
- Git | GitHub
- Data Science & Machine Learning
- Frameworks
- NumPy | Pandas | Seaborn |
- Matplotlib | Scikit-Learn |
- TensorFlow

About me

As a Master's student in Artificial Intelligence and Data Science, I am passionate about using technology to drive innovation. I have a strong foundation in software engineering, programming, data science, machine learning, and database management. A quick learner and critical thinker, I work well independently and in teams. With a drive for continuous learning, I am expanding my skills in advanced AI and data-driven solutions, eager to make a meaningful global impact in technology.

Professional experience

07/2023 – 08/2023

Computer Planet Mainz, Mainz

- Completed an online internship as a Data Analyst Intern
- Data collection, cleaning and analyzing. Data visualization and crafting reports.
 - Participating in research and development

EDUCATION

10/2024 – Current

Heinrich Heine University

- Pursuing a Master's in Artificial Intelligence and Data Science at Heinrich Heine University Düsseldorf, specializing in machine learning, data analytics, and AI applications

09/2021 – 06/2024

University of Pécs Faculty of Science

- Computer Science BSc degree
- Relevant Courses: Methodology of Programming, Object-Oriented Programming, Data Structures and Algorithms, Database Management, Computer Organisation Architecture, Operating Systems, Calculus, Math Logic, and Introduction to Artificial Intelligence

LANGUAGE SKILLS

Arabic	— Native
English	— B2
French	— B1
Hungarian	— B1
